Dominant Catholicism Hegemonic Communism (On Soviet Union’s Crisis)
By Shomit Sirohi

I. The Dominant of Religion that is Catholicism

Catholicism is a conservative, deeply religious, folk tale oriented, even linguistic culture, of noticing a lot.

II. The Multiple Units organizing under the principle of Catholicism

Community against capital, linguistics against capital, dialects against capital, even cultural forms against capital, finally class against capital, cultural class units against capital, democracy as liberal movements against capital.

III. The True form of Communism therefore in Eastern Europe

It is deeply I choose Linguistic dominant which measures Slovenian as – Slovenian theory linguistics, and linguistic religion, linguistic clothing, linguistic forms of dialects, all of which organizes as Alenka Zupancic’s theory – “le secunde sex resa la religion dus character, de heroism”.
